## SIX HUNDRED EIGHTY SEVENTH MEETING OF THE BOARD OF DIRECTORS OF THE

#### **EI DORADO HILLS COUNTY WATER DISTRICT**

The six hundred eighty seventh meeting of the Board of Directors of the El Dorado Hills County Water District was held on Thursday, October 18, 2012 at 6:00 p.m. at the regular meeting place of the District, the District Office, 1050 Wilson Blvd., El Dorado Hills, California. Directors Barber, Hartley, Hidahl were present with President Hidahl presiding. (Director Durante attended via teleconference and Director Winn arrived later in the meeting.) Counsel Cook was also in attendance. Chief Roberts, Chief O'Camb and Chief Financial Officer Bair were present.

President Hidahl called the meeting to order at 6:03 p.m. and Recording Secretary, Sandy Sanders, led the Pledge of Allegiance.

Director Barber made a motion to approve the consent calendar, which included minutes of the 686<sup>th</sup> meeting held September 20, 2012 and the financial statements for September 2012. The motion was seconded by Director Hartley and unanimously carried. (Director Winn was absent.)

Shelly Chu, CalPERS representative, gave a special presentation at the Board's request which included such topics as unfunded liabilities, pension reform, and how investment return affects employer contribution rates. She answered questions from the Board, Staff and members of the public, Richard Ross and Will Eber. She also quoted the rates for the CalPERS plans including the different CalPERS employer and employee rates.

Director Winn arrived at 6:13 p.m. during the CalPERS presentation.

Josh Couch, President of Local 3604, addressed the Board stating that he would be contacting them in the next few weeks to schedule a time to meet.

Jeff Genovese, President of the El Dorado Hills Firefighters Association, recapped the Association's recent activities and announced two upcoming events, the Association meeting on November 27, 2012 and the Santa Run on December 12 – 16, 2012.

Richard Ross, citizen, requested that the September 20, 2012 Board minutes be amended to include the following statement, "Mr. Ross also asked about the temporary housing and consolidating stations at Station 85 during the construction. Chief O'Camb said it was considered but would add three minutes travel time to calls north of Station 84."

Director Hartley made a motion to ratify the inclusion to the minutes as requested by Mr. Ross. The motion was seconded by Director Barber and unanimously carried.

Mr. Ross also stated that he was unable to locate documentation in the Rules and Regulations stating what Union activities employees are allowed to do while being compensated and added that he felt this information would be informative to the public.

Counsel Cook also suggested to Mr. Ross that he notify the President prior to the meeting of any questions he may have regarding items on the consent calendar so that it can be pulled for discussion.

The meeting adjourned to Closed Session at 7:10 p.m. to discuss Attorney Item V.A, Conference with Legal Counsel, Pending Litigation (One Matter) Merino et. al. v. El Dorado Hills County Water District, pursuant to Government Code Section 54956.9.

The meeting reconvened at 7:21 p.m.

President Hidahl reported that during Closed Session, updates were received and no action was taken.

#### 10/18/12

President Hidahl also announced that Director Durante would be dismissing himself from the meeting at 8:00 p.m.

Chief O'Camb stated that the architectural plans for the construction of Station 84 should be complete in the January timeframe; after such time a date for the Public Workshop can be set.

The Fire Committee had nothing to report.

Chief Roberts gave an update on the contract for services with Latrobe Fire Protection District stating that he had sent the Board a copy of the recommended process that Mr. Henriquez, LAFCO Executive Director, had recommended. He said that Chief Cooper has been conducting community meetings with the hope to get good buy in from the Latrobe community. The Board gave Chief Roberts direction to continue to work closely with Chief Cooper and continue to follow the path of gathering information towards possible annexation.

Director Hartley gave an update on the League of Districts stating that he was pleased to see progress in the area of joint purchasing resulting in standardization and cost effectiveness. He added that the three way regional approach continues to be under consideration.

Director Winn reported on the Unfunded Liability Ad Hoc Committee stating that they did not meet but chose to forward questions to be addressed by the CalPERS representative at tonight's presentation.

Chief Roberts explained that with the recent pension reform and changes to CalPERS, Staff discovered a loophole in the system that requires immediate action in order to have the ability to bring in new employees already in the CalPERS system at the lower, proposed benefit tier. Staff, therefore, recommends the adoption of a resolution of intent with two "second 10/18/12

tier" CalPERS Plans; 3% at 55 for Safety personnel with a three year final compensation and 2% at 55 with a three year final compensation for Miscellaneous personnel. He added that this resolution must be in place prior to January 1, 2013 and would be a cost savings to the District of 3% on the Safety side and 3.3% on the Miscellaneous side. CFO Bair reported that the 3% and the 3.3% were minimum savings and actual savings would be more like 4% and 6% when all calculations are taken into account. She stated that CalPERS only takes into account the normal cost savings. Chief Roberts also stated that this recommendation will need to go before the Associated Firefighters for approval of an amendment to the MOU.

Director Barber made a motion to adopt Resolution 2012-15, a Resolution of Intention to approve an amendment to contract between the District and CalPERS that would allow for second tier CalPERS Plans for new hires for Safety Personnel and Non-Safety Personnel. The motion was seconded by Director Winn and unanimously carried. (Roll Call: Ayes: All; Noes: None.)

Richard Ross, citizen, asked questions about cost sharing and the various options.

President Hidahl gave direction to Staff to provide more detail outlining the various CalPERS retirement benefit options and the justification for selecting those being recommended for review at the next Board Meeting. He thanked Staff for their efforts in finding ways to save money. Counsel Cook added that the amendment to the contract will be on the agenda next month.

> (Director Durante was no longer in attendance via teleconference.) The Operations Report was reviewed and filed.

Director Hartley stated that the JPA had not met but he anticipated that action will be taken at the next meeting to down staff Medic 26.

Chief Roberts reviewed the letter received by the City of Folsom Fire Department stating that it is not their intent to apply a First Responder Fee when responding to Emergency Medical Service incidents in our jurisdiction.

Chief O'Camb reported that three engineering companies were contacted to provide a bid for a geotechnical engineering study and geologic hazard assessment for the construction of Station 84. Staff's recommendation is to approve Youngdahl Consulting Group, the low bid of \$6,705.00 to provide these services.

Director Hartley made a motion to approve Staff's recommendation to approve Youngdahl Consulting Group to provide geotechnical services not to exceed \$6,705.00. The motion was seconded by Director Barber and unanimously carried.

Chief Roberts reported that a Strategic Plan meeting was held in which team leaders have been assigned to each of the six goals. He will update the Board on the progress of these teams on a bi-monthly schedule.

The Ad Hoc Committee for the Capital Improvement Plan and/or Facilities Master Plan had not met.

Discussion was held regarding the best way to present Board minutes. Chief Roberts stated that in an effort to streamline the time consuming administrative task of producing Board minutes, the October minutes will be presented in both a summary format (the format currently being used) as well as a less time consuming process of a conformed agenda/action item format. Counsel Cook added that he will bring back to the Board the minimal legal requirements for written minutes of public meetings. He stated that in addition to bulleted action items, the audio files that are being maintained hold the details of the meeting. CFO Bair added that these files are only maintained for one year as stated in the Board Policy Manual. The Board will have an opportunity to review both formats for discussion at the next Board meeting.

President Hidahl stated that the Governor has vetoed AB 2451 Workers Comp benefits for Firefighters.

Director Barber suggested that due to heavy schedules in December, the Board consider not meeting that month. A decision was made to plan on meeting December 20 but to review the need for a December meeting at the November Board meeting.

Director Hartley commended Chief Roberts on his efforts regarding the Folsom Fire fee issue and commended Staff on coordinating the CalPERS presentation.

President Hidahl asked that Staff schedule the auditor to make a presentation to the Board at the January 2013 Board Meeting.

President Hidahl encouraged the Board to attend the upcoming Department Shreve Dinner.

Chief Roberts thanked the crews and Directors Hidahl and Hartley for helping to serve the Seniors at their annual Oktoberfest luncheon. He reported that the annual Smoke and Carbon Monoxide Give-Away program was held in conjunction with the members of the Rotary and Interact Clubs and that visits were made to 225 homes in the Marina Village area. He also thanked those who helped with the Community Cleanup Day and congratulated Engineer Rob Karnow for winning first place in the Safetyville Chili Competition and thanked him for representing the Department. He stated that the El Dorado Hills Firefighters Foundation is sponsoring a blood drive for a young boy and Honorary Firefighter, Shane Roberts, on October 29 from 3:00 - 8:00 p.m. at Station 85.

Director Hartley made a motion to adjourn the meeting, seconded by Director Barber and unanimously carried.

The meeting adjourned at 8:20 p.m.

# El Dorado Hills Fire Department

November 8, 2012

Marc Moore Serrano 4525 Serrano Parkway El Dorado Hills, CA 95762

### Re: Letter of Commendation - Joe Oliver

Dear Mr. Moore:

The El Dorado Hills Fire Department would like to recognize the recent outstanding actions by Serrano employee, Joe Oliver. He has assisted both the Fire Department and the citizens of our community on the following events:

- On July 31, 2011, Joe Oliver played a key role in helping the El Dorado Hills Fire Department investigate an arson fire in the Serrano area. He was essential in providing information on this case. His actions led to the arrest of the suspect.
- On November 5, 2012, at approximately 2209 hours, Joe Oliver was off duty and arrived on scene at a major injury vehicle accident at Serrano and Silva Valley Parkways. He assisted with directing traffic around this accident scene. His actions allowed firefighters and police officers to focus on the critically injured patients.
- On November 6, 2012, at approximately 1815 hours, Joe Oliver discovered a fire in a residential home located at 6147 Aldea Drive. Mr. Oliver took immediate action to alert the family who was still inside the home and unaware of the danger. Mr. Oliver then attempted to extinguish the fire using a fire extinguisher. His discovery of the fire and subsequent actions allowed for early Fire Department notification and evacuation of the occupants. There is <u>no question</u> that Mr. Oliver's actions resulted in much less of a fire loss then otherwise would have resulted.

Please join us in commending Mr. Oliver's actions on these incidents. His actions undoubtedly made a difference in the lives of others.

**Note:** The target of a 6 minute response time to 90% of code 3 emergency calls (a lights and sirens, 911 emergency) was adopted by past administrations and Board of Directors based on NFPA 1710 guidelines. The NFPA 1710 sets these guidelines based on statistics that both fires and critical medical emergencies have the best outcome if contact is made within this time frame. Fire stations were strategically located throughout the District with this target in mind. It is important to note that there are several factors that can affect the 6 minute response target such as having to put on safety gear, responding to calls during the night or not being in quarters at the time of the call.

### Purchase of 100 Ft. Aerial Ladder/Platform "Quint"

#### **Summary:**

Six bid/RFP letters were mailed to fire apparatus aerial and engine manufacturers: American La France, LLC; Ferrara Fire Apparatus, Inc.; Pierce Manufacturing; Sutphen Fire Apparatus Corporation; Smeal Fire Apparatus Company and Seagraves Fire Apparatus, LLC requesting a bid to build or furnish a stock model 95 ft. or greater mid-mount platform quint. This vehicle is to replace the current 100 ft. aerial quint. EDHFD received four inquiries and received three proposals.

The American La France proposal did not meet the platform component and, therefore, was rejected. Ferrara met some of the intent of the bid; however, they were not a single source aerial manufacturer, provided only a single monitor, exceeded the California weight limit without equipment and lacked compartment space. Sutphen was able to meet or exceed the intent of the request. 7.25% tax has been added to the bid price.

Sutphen Fire Apparatus Corporation	\$1,060,562.00	Delivery within
		30 days
Ferrara Fire Apparatus, Inc.	\$1,010,617.00	Delivery within
		60 days
American LaFrance, LLC	Non-compliant	

### Fiscal Impact:

\$1,060,562.00

### **Recommendation:**

Staff recommends purchase of a new mid-mount aerial platform from Sutphen Fire Apparatus Corporation available within 30 days.

### **Surplus Engine 8561**

### **Summary:**

Engine 8561 is a 1995 international 4 door, 4 wheel-drive, 500 GPM, Type 3 wildland engine that is used in reserve status only. The unit has been in reserve for over 5 years and has not responded to an emergency call during this time.

Latrobe Fire Department has expressed interest in Engine 8561 to be used as a first-out unit in their district as well as automatic aid to neighboring districts. They are offering revenue from selling a reserve engine for \$5,000 and asking that the El Dorado Hills Fire Department invest into the future of the upcoming annexation between the two districts.

A used fire equipment company was contacted for an estimate on selling Engine 8561. They stated that Engine 8561 would be worth roughly between \$20,000 and \$40,000.

#### Fiscal Impact:

<u>Sell 8561 to Latrobe Fire Department-</u> +\$5,000, the investment into the annexation as well as strengthening the auto aid equipment coming from Latrobe Fire Department to El Dorado Hills.

Sell 8561 in the open market- +\$20,000 to \$40,000

#### **Recommendation:**

Staff acknowledges the benefit of a strong auto aid resource as well as helping out a neighboring department. Staff recommends the sale of Engine 8561 to the Latrobe Fire Department for \$5,000.

### 7. Fiscal Items

### 7.1 Audit Update

- 4 year original Audit of 2004/05, 05/06, 07/08, 08/09 was conducted. The findings required EDC to pay \$300,000 in FY 11/12 and pay the remaining \$288,000 in FY 12/13.
- County Public Health has given a timeline that the JPA provide their findings and a sampling of payroll for PP 22 and 23 from FY 2009/10. Data was collected and reported to county regarding payroll periods 22 and 23 over the full 28 day cycle which appeared accurate; however, a journal entry was not found to have completed the transaction to reimburse the JPA appropriately for the loaned labor.
- El Dorado County has not moved forward with Auditing FY 2009/10, 10/11, 11/12 but has requested the JPA audit EDC Fire Payroll for the entire FY 09/10.
- Combs made a motion for Director Hackett to request the county hire a professional CPA to handle the Audit as the JPA is not credentialed to conduct such an audit; seconded by Roberts and motion carries unanimously.

### 7.2 Review Revenue & Expenditures for July/August FY 12/13

A new format was provided for the JPA Board to review Revenue and Expenditures throughout the year. 7.3 Review/Approve FY 12/13 Budget Balancing Measures

A motion was made by Chief Roberts to remove Medic 26 from the system with an Ad Hoc Committee including Labor Groups and notifications with timelines associated with cost savings measures when it's provided to the BOS that will include bench marks and The Plan according to the Executive Director's Report given at the JPA Board Meeting dated August 15, 2012 and recommended at the Workshop dated September 18, 2012. The motion was seconded by Chief Combs and carried with 8 Ayes and 1 Nay by El Dorado County Fire Department.

Draft recommendation is specific to EMT, BLS and ALS Recertification's. Motion by Keating to accept Policy as written effective October 1<sup>st</sup>; seconded by Roberts and motion passes unanimously.

8.3 Review/Approve Resolution for Deferred Comp Plan (no cost to JPA)

Motion by Chief Gill to accept 457 Plan with no cost to JPA and appointing Finance Director Keating as the authorized JPA representative; seconded by Hardy with of the JPA and motion carries unanimously.

### 9. New Business

9.1 ALS Engine Response Fee

Keating mentioned this item could be part of the Ad Hoc Committees coordinated effort as a revenue generating measure for all 10 CSA 7 fire districts. Combs suggested this be part of the individual El Dorado County Fire Districts, not JPA. Further discussion to follow at the next meeting. A Motion was made by Keating to add ALS Engine Response Fee to the Fire Chiefs Association Agenda as a standing item; seconded by Combs and motion carries unanimously.

**Dear Chief Roberts:** 

On behalf of the Senior Council, and the two hundred plus seniors who attended, I would like to thank you and your staff for helping to make our Oktoberfest luncheon such a success.

Your department's continued support of our senior programs is hugely important to us. That the men and women of your department are willing to spend some time serving lunch, and helping to clean up, is very commendable, and I think probably quite unique. The service helps to make our luncheon events very special.

Thanks again, Enda Jenne

First, let me thank you for your very kind note following your emergency visit to our home last Tuesday morning. My stay at UCDavis Medical Center wasn't as short as we all would have hoped. I ended up in the ICU for four days and received six units of blood and four units of plasma. I was told that it was touch and go for much of that time.

Thankfully my blood leveled out and I was able to be moved to a regular room. The problem was a duodenal ulcer that burst because I responded to Coumadin way too well requiring not only the transfusions but endoscopic repair of the bleeder. I am home and doing much better and probably here because of your very quick response and expertise.

It's one thing to have been a lifelong supporter of the fire department and those who so ably serve their communities. It is another to have had firsthand experience of all those things we have held in such high regard for so long. From the moment the entire crew "invaded" the bedroom, the sense of panic was replaced with a sense that everything, somehow, was going to be alright.

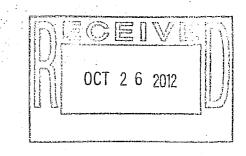

If your presence produced that sense of comfort because of your clinical expertise alone, that would be fine, but what makes it particularly significant to those of us on the receiving end of the service is the manner in which you go about your work. The professionalism, the sense of respect and genuine caring was evident in everything you did and said and that goes a long way toward making someone feel comfortable in spite of the potentially dire circumstances.

My wife and I will struggle to find words adequate to thank you for your response and your style of response. Please know that in this community there are people who hold you in very high regard and you can rest assured that we will be at the front of that crowd.

While we hope the next time you head out to someone's home it won't be ours, we rest comfortably knowing that you are here and deserve the highest support of our entire community. Thank you, again.

Dear El Dorado Hills Fire Department,

The Serrano El Dorado Owners' Association Events Committee would like to extend a warm thank you for participating in the Fall Fest Community Day. The event turned out to be so much more than we expected – we could not have done it without you!

With your help, we were able to provide our residents with a variety of food and refreshments as well as with informative voices from outstanding organizations in the community. Your presence contributed to the setting of our event day by showing the strength, resources, and wonderful local businesses in our community.

If you have any comments or suggestions regarding the Fall Fest Community Day, we would love to hear your feedback. Please contact Debbie Miles at <u>dmiles@serranohoa.org</u>.

We look forward to working with you again in the future. Thank you again for contributing your time and services to make our Fall Fest Community Day happen.

Sincerely,

The Serrano El Dorado Owners' Association Events Committee

I wanted to pass on a HUGE thank you to everyone for the extreemly successful Blood Drive and Fundraiser that our Foundation sponsored last monday at station 85. This community and our FD came together in support of Shane Rogers and his family and they are very appreciative. 85 crews were amazing and the kids loved the spider!. Thanks Stephanie, Sandy, Tom A., Tom Z., Landry, Toy, Lovi, Karnow, Cowin, Ferlini, Roberts, Ocamb, Lilly, Jukes, and Alan for the help.(im sure im missing someone). A special thank you to the Foundation for the continued help regarding finances.

The fundraising kickoff event raised CLOSE TO \$11,000 with more checks still trickling in. The Blood drive was one of the most successful in history per the blood drive folks. They collected over 90 pints that night and rescheduled 60 more people they could not draw at the event for this week. There were already 127 pints in Shanes name before we open the doors so all told he will have over 250 pints by the end of the week.

Aside from the great community feel at the event I also heard a ton of great coments about our EDHFD and am truely proud to be associated with you folks.

Thanks again, Mike Gygax

It's one thing to have been a lifelong supporter of the fire department and those who so ably serve their communities. It is another to have had firsthand experience of all those things we have held in such high regard for so long. From the moment the entire crew "invaded" the bedroom, the sense of panic was replaced with a sense that everything, somehow, was going to be alright.

If your presence produced that sense of comfort because of your clinical expertise alone, that would be fine, but what makes it particularly significant to those of us on the receiving end of the service is the manner in which you go about your work. The professionalism, the sense of respect and genuine caring was evident in everything you did and said and that goes a long way toward making someone feel comfortable in spite of the potentially dire circumstances.

My wife and I will struggle to find words adequate to thank you for your response and your style of response. Please know that in this community there are people who hold you in very high regard and you can rest assured that we will be at the front of that crowd.

While we hope the next time you head out to someone's home it won't be ours, we rest comfortably knowing that you are here and deserve the highest support of our entire community. Thank you, again.

We received notice of the Town Meeting on Thursday, November 1, 2012 at 6:00 pm. We will not be able to attend that meeting that evening. But I wanted to submit our full appreciation of the El Dorado Hills Fire Department in their agreement that this is double taxation, and preparing a resolution stating such. We have paid the fee, but protested it. We support your efforts completely! Terrence & Patricia Martin
