## **Amendment B**

This amendment is for the removal of the requirement listed on page 5 of Amendment A prepared in July, 2006 that required all homes to have enclosed eaves with horizontal venting. This specific requirement was directed at houses on less than one acre lots.

The requirement listed on page 6 regarding “**Building Setbacks on One Acre and Larger Lots**” shall be in effect as necessary.

All other requirements specified in the original Plan prepared in September, 1999 and Amendment A prepared in July, 2006 shall remain in effect.
